

Latex Tutorials 4 (Tables) Examples

Basic Tables

Andrew Roberts

September 19, 2003

A very basic table. No lines. First column is left justified, the middle is centered and the third is right.

1	2	3
4	5	6
7	8	9

Same as above, but illustrating vertical lines.

1	2	3
4	5	6
7	8	9

The next table adds horizontal lines at the top and bottom.

1	2	3
4	5	6
7	8	9

Finally, more horizontal lines are added inbetween all rows. This table has also been centered.

1	2	3
4	5	6
7	8	9
